Large square bales are permitted for first bedding, but thereafter, bedding must be stored in a trailer. No Kentucky Exposition Center (KEC) employees are permitted to move large bales. A one-day supply may be brought in each day from a trailer.

## **NAILE GENERAL RULES AND REGULATIONS**

Exhibitors are requested to familiarize themselves with all the rules of this show applicable to their exhibits.

### **Violation of Rules**

Rule 1. All entries for exhibits of any kind or character in this animal exhibit are subject to these regulations, and any violation will subject exhibitors to any penalties the Executive Committee may order.

Rule 2. The Exposition reserves to the General Manager and the Executive Committee the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions, or differences in regard thereto, or otherwise arising out of, or incident to, the show.

### **Ownership of Animals**

Rule 3. All breeding animals in the purebred classes must have been owned by the exhibitor as of the entry deadline of October 1. All Junior Show animals are required to be owned by and shown by the individual in whose name it is entered. (See the specific show for other rules and required dates.)

### **Accepting Entries**

Rule 4. The show management reserves the right to accept or reject entirely, partially, or conditionally any entry or application. The management also reserves the right to personally, or appoint a committee to, inspect all entries after they have arrived, and dismiss any entries that would discredit the Exposition.

### **Erroneous Entries**

Rule 5. Animals that have been erroneously entered may be transferred to their proper class prior to judging, upon application to the General Manager, who will appoint a committee to determine the case. If such classes have already been judged, however, they shall not be reopened.

### **Catalog Numbers**

Rule 6. Each entry will be assigned a separate number in the official catalog of the Exposition. This numbered card must be displayed in the harness worn by the attendant when the animal is in the judging ring.

### **Assignment of Pens and Stalls**

Rule 7. The assignment of all the spaces will be made by the superintendent of the breed of the show.

### **Care of Animals**

Rule 8. The exhibitors themselves will be responsible for the delivery of their animals to the appropriate department at the designated times. Exhibitors will be required to attend to their animals while on exhibition and to have them presented to the judges when called. Any exhibitor who fails to present his or her animals in the ring when the class is called for to be weighed will be barred from the competition.

### **Appearance of Exhibits**

Rule 9. The stalls, pens, and exhibition places must be cleaned before 8:00 a.m. each day and all refuse matter disposed of as the superintendent may direct. Exhibitors are required to be neatly dressed when exhibiting stock in the show ring.

### **Removal of Exhibits**

Rule 10. If you exhibit at this Exposition you will be expected to keep your livestock on the grounds until the published release date of your breed. All animals (except those shown) consigned to the various sales can be released immediately after the sale by obtaining a release slip from the General Superintendent's Office. Anyone removing livestock from the grounds without show management approval is subject to forfeiture of all premium money. Repeat violators will be subject to further action by the Executive Committee.

## **Releases**

Rule 11. No livestock (for exhibit or sale) will be released until the exhibitor presents a paid feed bill and veterinarian bill, then obtains a release form from the Livestock Superintendent's Office. Fraudulent or unauthorized releases will **not** be tolerated, and the penalty may be a permanent ban by the Executive Committee on all exhibitors involved.

## **Refusal to Parade in Shows**

Rule 12. Livestock parades are a great educational feature of this show. For any cause not meeting with the approval of the management, exhibitors refusing to lead out their animals for parade or for competition in the show ring when called by superintendents in charge, will not only forfeit all prizes previously won but may be barred from further participation in the show.

## **Conduct**

Rule 13. False representation, interference, or discourteous conduct by an exhibitor will be dealt with by the Executive Committee according to the equities of the case.

## **Substitutions**

Rule 14. Substitutions will be accepted for animals within class only. Substitutions can be made only in the name of the original exhibitor/recorded owner as listed in the entry catalog. Breed shows without defined classes can substitute only an animal of the same sex with a birth date within 60 days of the entry being substituted for.

## **Judges**

Judges are requested to be familiar with all the rules and regulations of this Exposition and to especially know the rules bearing on the classes they will be judging.

## **Unworthy Exhibits**

Rule 15. The judges will not award prizes to any unworthy exhibit. Animals must be shown in such a manner as the judges require, and if the exhibitors refuse to submit to the requirements of the judges, their animals will be dismissed.

## **Time of Judging**

Rule 16. All animals must be exhibited before the judge in the show ring, with catalog number attached, and cannot be awarded a prize while still in its stall or pen.

## **Decision of the Judges Final**

Rule 17. The decision of the judges shall be final in all classes except where mistake, fraud, misrepresentation, or collusion not discovered at the time of the award is proven. In such case, the General Manager, or such referee or committee as may be appointed, may make decisions, or at its discretion the cases may be appealed to the Executive Committee from whose decisions there can be no appeal.

## **Awarding of Premiums**

Rule 18. Only two premiums per recorded owner can be awarded in any one class.

## **Awarding of Champion Prizes**

Rule 19. In all Championship classes, both a Champion and a Reserve Champion shall be selected. Only first place animals will be allowed to compete for championships. Second place winners in class from which the champion was selected are eligible to compete for Reserve Champion.

## **Premiums**

### *Colored Ribbons*

All premiums whatsoever not claimed by November 1 of the following year shall be deemed forfeited to the management or donors.

### *Special Premiums*

Rule 22. All special premiums will be awarded by the judge after judging the regular awards. The Exposition is not responsible for the payment of special premiums, but they are all offered in good faith and should be paid promptly.

### **Protests**

Rule 23. All protests must be in writing and accompanied by a deposit of \$500, which will be forfeited if protest is not sustained. Such protests must be delivered to the General Manager within six hours after the occasion of such protest, or if age is brought into question, one day prior to the day on which the animals are to be judged. Protests will be considered by the Executive Committee as quickly as possible, and their decision in the matter shall be final.

Rule 24. Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show.

### **Required Performance Data**

Rule 25. In order to emphasize the use of, as well as the need for, performance data in beef cattle production, the following procedure will be maintained for all breed shows and the Junior Heifer Show. All animals will be weighed prior to entering the show ring. Each class will be called for separately to be weighed approximately one class prior to entering show ring. The total weight, as well as the weight per day of age, will be recorded on a card and placed in the exhibitor's harness. No bull can enter the show ring for competition without the weight card. The weighing of females will be at the discretion of each breed association. All junior show heifers will be weighed.

ALL ANIMALS WILL ENTER THE SHOW RING ACCORDING TO AGE  
AS DIRECTED BY THE BREED SUPERINTENDENT.

### **Nurse Cows**

Rule 26. Nurse cows are not permitted at the NAILE. Only cows nursing their natural calves that are entered in the show in the Cow/Calf Class, Senior Yearling, or Junior Yearling Heifer Classes are permitted.

### **Miscellaneous Rules and Regulations**

Rule 27. It is mandatory that all exhibitors cooperate with Judging Contests officials in providing animals for use in the various judging contests.

Rule 28. All group entries are to be made at the show when entries are checked.

Rule 29. In the Beef Department, no more than one fan (overhead preferred) per three head of cattle will be allowed. No fans will be allowed in the aisles. Also, no portable generators are allowed in the building.

Rule 30. Breed registration: An animal is eligible to enter or compete in the Exposition in only one breed classification regardless if the animal is registered with one or more breed associations or registries. Percentage animals with more than one set of registration papers must be exhibited as entered on the original entry form. Percentage animals must be exhibited in the same Open and Junior Breed Show. No switching between breeds will be allowed. Furthermore, the animal must be registered in the recognized U.S. registry for their breed classification or, if registered in country of origin outside the U.S., the animal must be eligible for registry in the recognized U.S. registry. No changes will be permitted after a breed is designated.

Rule 31. Dogs will **not** be permitted on the grounds of the Kentucky Exposition Center during the course of the North American International Livestock Exposition, except those under leash control of

the owner. Any dog running free will be impounded and removed from the grounds.

Rule 32. Any publications or lists prepared by the NAILE management are to be informative only and are **not** to be considered as legal documents of title or ownership.

Rule 33. If any damage, loss, or injury to person or property shall be caused by reason of any neglect or willful act of any person, firm, or corporation, or their agents, representatives, servants, or employees having license or privilege to exhibit, or occupy any space on the North American International Livestock Exposition grounds, the North American International Livestock Exposition shall, in no manner, be responsible therefore, and in case it be subjected to any expense or liability, all persons causing same, or liable therefore, shall indemnify the NORTH AMERICAN INTERNATIONAL LIVESTOCK EXPOSITION.

Rule 34. All transit animals will require identification, health papers, and bill of sale to be on the grounds and must obtain a release from the Division of Animal Health before leaving grounds. 840 EID will be required for all Dairy, Beef, and Swine.

Rule 35. Aerosol spray cans are banned from the show ring and make-up ring.

Rule 36. Health papers will be checked on all livestock before they enter the buildings. Please have health papers with your animals and watch for signage with instructions.

## NATIONAL CODE OF SHOW RING ETHICS

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the North American International Livestock Exposition. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain, free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event that culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations, and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved, and all procedures of said collection and preservation, transfer to the laboratory, and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug, or the external application of any substance (irritant, counterirritant, or similar substance) that could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals that affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices, such as striking animals to cause swelling, using electrical contrivance, or other similar practices, is not acceptable and is prohibited.
7. Direct criticism of or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event

is prohibited. In the furtherance of their official duty, all judges, fair, and livestock show management, or other show officials, shall be treated with courtesy, cooperation, and respect, and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expos* magazine and any special notices to members.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action that contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

## Special Rules

1. To be eligible to exhibit in **purebred** classes of the National Junior Market Swine Show, exhibitors must not be more than 21 years of age as of January 1 and must be members of the National Junior Swine Association (NJSA) or Team Purebred Junior Association. (For membership information, contact the NJSA at (765) 463-3594 or Team Purebred Junior Association, (405) 641-9042. Crossbred exhibitors have the same age requirements.
2. All junior show animals are required to be owned by and must be exhibited by the youth in whose name the entry is made, except in the case of more than one entry per class. If an exhibitor has more than one entry in a class, it must be shown by another junior exhibitor. An exception to this rule (in case of emergency) must be approved by 8:00 a.m. on the show day by the superintendent. Registration papers must have been transferred to or registered in the name of the exhibitor (only partnerships with juniors are allowed) by October 1.

All youth exhibitors from 8 to 19 years of age **must** be certified in the Youth for the Quality Care of Animals, YQCA (or a state's equivalent Quality Assurance Program that has been approved by the National Pork Board). Youth exhibitors 20 years of age or older **must** be certified in the Adult YQCA, as they are not eligible to be certified in the Youth YQCA. Youth exhibitors less than eight years of age cannot be certified in the Youth YQCA, but will be allowed to participate **if** their parent or legal guardian is certified in the Adult YQCA. All youth exhibitors **must** provide their YQCA or PQA number with entries. For youth exhibitors from 8 to 20 years of age, a farm certification card **will not** suffice.

Youth exhibitors who need to obtain certification in the YQCA can be certified through a face-to-face meeting conducted by their YQCA Advisor, or they can be certified online by visiting the National Pork Board's website at <http://www.yqca.org> or <http://www.pork.org>. Stat equivalences accepted.

3. Entries for all classes will close on October 10.
4. All purebred entries must be ear-notched, with notches matching the registration

papers. (All swine entered in special breed classes will be checked at check-in by NSR/NJSA and Team Purebred personnel).

5. The show is open to either barrows or gilts. Breed will be determined at check-in.
6. Exhibitors will have access to the showgrounds no earlier than Thursday, October 28. Any exhibitor upon whom this rule would work a hardship may apply to the manager of the North American International Livestock Exposition for special consideration.
7. Special breed classes will be provided for any breed with 15 or more market hogs checked in. Any breed that has fewer than 15 head will be placed in an All Other Breeds class. Purebred classes will be broken by weight, with approximately 25 animals in each class, depending on the number of entries. A champion and reserve animal will be chosen for each breed, and each of these animals will be eligible for the Grand Champion Drive.
  - a. All NJSA market hog entries must be registered Duroc, Hampshire, Landrace, or Yorkshire market animals. All Team Purebred market hog entries must be registered Berkshire, Chester White, Hereford, Poland China, Spotted, or Tamworth market animals.
  - b. All animals are to be guaranteed negative of the stress gene to be exhibited at an NSR or NJSA event. All Berkshire and Chester White hogs are to be stress negative to be exhibited at a Team Purebred event. Berkshire market hogs must have negative stress status denoted (HAL-1843\*nm under the pig's name) on the pedigree. Blood samples will be collected on all Berkshire market hog breed show champions, reserve champions, and any randomly chosen animals to determine compliance with ABA negative stress gene policy, parentage, and breed purity.
  - c. NSR and NJSA reserve the right to randomly collect a DNA profile on exhibited animals for stress gene, parentage identification, and breed purity at any event where registered animals are exhibited. This collection will be supervised by NSR and NJSA representatives. The collection of samples from Chester Whites, Hereford, Poland China, Spotted, and Berkshire market hogs will be supervised by Team Purebred, CPS, or ABA representatives.
  - d. All breed champions, reserve champions, and/or any randomly selected market hogs may be blood tested for presence of the stress gene, parentage verification, and breed purity through DNA technology.
  - e. Champion and reserve champion overall premiums as well as breed champion and reserve breed champion premiums will not be awarded until the DNA results are verified at the NSR office.
  - f. Any market hogs that fail these DNA tests for the stress gene, parentage verification, or breed purity will be asked to forfeit all show premiums and awards. If premiums and awards are not returned to NSR, the exhibitor will not be allowed to compete in future NJSA or NSR events.
  - g. Market hogs must meet all registration eligibility requirements of their respective breed associations. NSR field staff or a qualified NSR representative will inspect all market hogs for breed eligibility.
8. Owners will furnish all feed for hogs. An official supplier will be available for the purchase of feed and bedding.
9. The North American International Livestock Exposition will not be responsible for losses, injuries, or mishaps that may befall animals during the show. All reasonable precautions will be taken to prevent losses or injuries.
10. The Executive Committee will interpret all rules not covered in the general rules. (See the NAILE General Rules and Regulations).

  - 4th Overall – \$2,000
  - 5th Overall – \$1,000
15. Grand and Reserve Grand Champion will become the property of NAILE following selection. All Grand and Reserve Grand Champion animals will be processed, and the carcasses and hides of each animal will be inspected and evaluated for tampering. This would include but is not limited to inspection of the carcass and hide for injection sites that do not conform to typical animal husbandry practices. Any animal with an abnormal carcass or hide due to the injection of air or any other substance in order to alter the conformation or appearance of an animal may be subject to disqualification, including loss of premiums, prizes, and awards received. Exhibitors may also be banned from future competition.
16. **All animals being sold after the market hog show are subject to selection for use in the NAILE livestock judging contests. Exhibitors will be notified by show management if their animal was selected. Animals will go to market at completion of livestock judging contests.**
17. Exhibitors will declare weights on market hog entries. The following is the process that will be used to declare weights:
  - a. Upon arrival at NAILE, exhibitors must pick up a weight card for each of their entries. Weight cards will be available on a table outside the Swine Superintendent's office.
  - b. Practice scales will be available for exhibitors to use to determine the weight of their market hog. The weight the exhibitor will declare for their market hog **must** be written on the weight card. All declared weights must be within the range of **230 to 290** pounds. (THERE WILL BE ABSOLUTELY NO VARIATION FROM THIS WEIGHT RANGE.) All entries will be divided into equal sized classes based on declared weights with approximately 25 animals in each class.

Each market hog must be within 15 pounds above or below its declared weight. **If any market hog is out of its weight range, it will be disqualified from the show. The disqualified pig is not eligible for any other on-foot class and will not be reweighed.**
20. **All Breed and Division Champion & Reserve Champion animals will be drug tested. Random animals may also be selected for drug testing.
