Sale cattle will not be permitted in the tie-outs unless special permission is given by the management. Other cattle will **not** be permitted in the tie-outs until after 6:00 p.m. Failure to have cattle on display in the buildings will result in forfeiture of premiums won and further disciplinary action by the Executive Committee, such as refusing to accept future entries.

Feed and Bedding: You may bring your own feed and bedding for your entries only or obtain it from our supplier. No other vendors of feed or bedding will be permitted on the grounds. Large square bales are permitted for first bedding, but thereafter, bedding must be stored in a trailer. No Kentucky Exposition Center (KEC) employees are permitted to move large bales. A one-day supply may be brought in each day from a trailer.

All **bulk orders of feed** or any type of **bulk bedding** must be coordinated and made in advance with the official supplier for the NAILE.

Dumping of truckloads of sand, sawdust, shavings, or tan bark will not be permitted in bulk in the barn. Baled shavings or wood chips and straw will be permitted and will be available from the official feed supplier or can be brought from home for your entries only.

Storage of large quantities of feed and bedding in the building will not be permitted. The definition of "large" quantities shall be at the discretion of NAILE or KEC employees. Extra feed and bedding must be kept in your trucks and trailers in the assigned parking area.

NAILE GENERAL RULES AND REGULATIONS

Exhibitors are requested to familiarize themselves with all the rules of this show applicable to their exhibits.

Violation of Rules

Rule 1. All entries for exhibits of any kind or character in this animal exhibit are subject to these regulations, and any violation will subject exhibitors to any penalties the Executive Committee may order.

Rule 2. The Exposition reserves to the General Manager and the Executive Committee the final and absolute right to interpret these rules and regulations and arbitrarily settle and determine all matters, questions, or differences in regard thereto, or otherwise arising out of, or incident to, the show.

Ownership of Animals

Rule 3. All breeding animals in the purebred classes must have been owned by the exhibitor as of October 10, 2023. All Junior Show animals are required to be owned by and shown by the individual in whose name it is entered. (See the specific show for other rules and required dates.)

Accepting Entries

Rule 4. The show management reserves the right to accept or reject entirely, partially, or conditionally any entry or application. The management also reserves the right to personally, or appoint a committee to, inspect all entries after they have arrived, and dismiss any entries that would discredit the Exposition.

Erroneous Entries

Rule 5. Animals that have been erroneously entered may be transferred to their proper class prior to judging, upon application to the General Manager, who will appoint a committee to determine the case. If such classes have already been judged, however, they shall not be reopened.

Catalog Numbers

Rule 6. Each entry will be assigned a separate number in the official catalog of the Exposition. This numbered card must be displayed in the harness worn by the attendant when the animal is in the judging ring.

Assignment of Pens and Stalls

Rule 7. The assignment of all the spaces will be made by the superintendent of the breed of the show.

Care of Animals

Rule 8. The exhibitors themselves will be responsible for the delivery of their animals to the appropriate department at the designated times. Exhibitors will be required to attend to their animals while on exhibition and to have them presented to the judges when called. Any exhibitor who fails to present his or her animals in the ring when the class is called for to be weighed will be barred from the competition.

Appearance of Exhibits

Rule 9. The stalls, pens, and exhibition places must be cleaned before 8:00 a.m. each day and all refuse matter disposed of as the superintendent may direct. Exhibitors are required to be neatly dressed when exhibiting stock in the show ring.

Removal of Exhibits/Releases

Rule 10. If you exhibit at this Exposition you will be expected to keep your livestock on the grounds until the published

release date of your breed. All animals (except those shown) consigned to the various sales can be released immediately after the sale by obtaining a release slip from the General Superintendent's Office. Anyone removing livestock from the grounds without show management approval is subject to forfeiture of all premium money. Repeat violators will be subject to further action by the Executive Committee.

Rule 11. Releases will be required to leave ground per animal health concerns and liability reasons. Releases will be distributed through the Livestock Office.

Refusal to Parade in Shows

Rule 12. Livestock parades are a great educational feature of this show. For any cause not meeting with the approval of the management, exhibitors refusing to lead out their animals for parade or for competition in the show ring when called by superintendents in charge, will not only forfeit all prizes previously won but may be barred from further participation in the show.

Conduct

Rule 13. False representation, interference, or discourteous conduct by an exhibitor will be dealt with by the Executive Committee according to the equities of the case.

Substitutions

Rule 14. Substitutions will be accepted for animals within class only. Substitutions can be made only in the name of the original exhibitor/recorded owner as listed in the entry catalog. Breed shows without defined classes can substitute only an animal of the same sex with a birth date within 60 days of the entry being substituted for.

Judges

Judges are requested to be familiar with all the rules and regulations of this Exposition and to especially know the rules bearing on the classes they will be judging.

Unworthy Exhibits

Rule 15. The judges will not award prizes to any unworthy exhibit. Animals must be shown in such a manner as the judges require, and if the exhibitors refuse to submit to the requirements of the judges, their animals will be dismissed.

Time of Judging

Rule 16. All animals must be exhibited before the judge in the show ring, with catalog number attached, and cannot be awarded a prize while still in its stall or pen.

Decision of the Judges Final

Rule 24. Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show.

Required Performance Data

Rule 25. In order to emphasize the use of, as well as the need for, performance data in beef cattle production, the following procedure will be maintained for all breed shows and the Junior Heifer Show. All animals will be weighed prior to entering the show ring. Each class will be called for separately to be weighed approximately one class prior to entering show ring. The total weight, as well as the weight per day of age, will be recorded on a card and placed in the exhibitor's harness. No bull can enter the show ring for competition without the weight card. The weighing of females will be at the discretion of each breed association. All junior show heifers will be weighed.

ALL ANIMALS WILL ENTER THE SHOW RING ACCORDING TO AGE
AS DIRECTED BY THE BREED SUPERINTENDENT.

No switching between breeds will be allowed. Furthermore, the animal must be registered in the recognized U.S. registry for their breed classification or, if registered in country of origin outside the U.S., the animal must be eligible for registry in the recognized U.S. registry. No changes will be permitted after a breed is designated.

International Livestock Exposition shall, in no manner, be responsible therefore, and in case it be subjected to any expense or liability, all persons causing same, or liable therefore, shall indemnify the NORTH AMERICAN INTERNATIONAL LIVESTOCK EXPOSITION.

NATIONAL CODE OF SHOW RING ETHICS

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the North American International Livestock Exposition. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain, free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event that culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations, and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved, and all procedures of said collection and preservation, transfer to the laboratory, and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug, or the external application of any substance (irritant, counterirritant, or similar substance) that could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals that affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices, such as striking animals to cause swelling, using electrical contrivance, or other similar practices, is not acceptable and is prohibited.
7. Direct criticism of or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair, and livestock show management, or other show officials, shall be treated with courtesy, cooperation, and respect, and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or

persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expos* magazine and any special notices to members.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action that contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

10. **All animals must be exhibited by the youth in whose name entry is made except in the case of more than one entry per class, in which case a bona fide youth member must exhibit the animal. Conflicts with school must be requested in writing by November 1 to NAILE with documentation from school officials.**

18. Heifers of breeds that require specific weights prior to registration (example: adjusted 205 day wt. or adjusted 365 day wt.) must submit a copy of the application for recordation, completed with exception of missing weights if the animal is too young at the time of entry to be weighed and recorded. Show Rules

1. All animals must be registered in the American Wagyu Association herd book and recorded in the name of the exhibitor 30 days prior to the NAILE. Exhibitors must have a registration certificate for each animal available for inspection at the show. There will be six breeding group class shows: Fullblood Black, Fullblood Red, Fullblood Red/Black, Purebred Wagyu, Percentage Wagyu, and a Steer Class. For the purpose of this show, Wagyu percentage means animals that qualify for the percentage category according to the AWA rules. Breeding group classes will not compete with each other.
2. Cattle must be entered under the recorded ownership at the time of the show entry deadline. Jointly owned animals must be entered under the multi-ownership (co-owners) in the individual classes.
3. All animals must be properly tattooed and will be inspected at the show. Tattoo must be legible and must match registration papers. Any animal, upon check-in, that does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks, or hot-branded marks) corresponding to the permanent identification on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be retattooed and rechecked at the show.
4. Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, use of false tail heads, or use of any false hair. The use of paint, glue, graphite, powders, hemp, or other similar substances used externally is also prohibited. Animals may not be dyed on the show grounds. Other prohibited products include illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.
5. Winning animals in all divisions may be subject to DNA Parentage Verification (sire and dam only). If the parentage cannot be verified by the lab, the exhibitor will not be awarded the prize money and the animal will forfeit its winning position.
6. All cattle must meet the health requirements set out by the NAILE Show Management. Any deviation will be just cause for immediate disqualification from the show.
7. All bulls must show with nose lead. The right to disqualify from the show any animal deemed unmanageable, is reserved by the show committee.
8. All females shown in the cow/calf classes must be shown with a calf at side. Calf at side must be her last natural born calf (not an embryo calf born to another recipient.)
9. Any person found guilty of misrepresentation of any kind, including age of animal or not abiding by the show rules, will be disqualified and denied the privilege of showing.
10. The registered owner/exhibitor must be a member in good standing with the American Wagyu Association.
11. Authorized representatives of the Association have the authority to enforce the rules set forth herein, including barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.
12. Judges will have no previews of competing cattle or meetings with show exhibitors prior to the show. This is to maintain impartiality for all competitors and judges. Violations of the rule will result in disqualification of judge, competitors, and/or animals.

13. If for any reason an exhibitor or their animal is disqualified, their placing/winnings will go to the exhibitor who placed next behind them.
14. There will be a Junior Showmanship Division. Novice (8yrs to 18yrs NEVER SHOWN BEFORE), Juniors (8-10 years), Intermediates (11-14 years), and Seniors (15-18 years). No bulls will be allowed for safety reasons. Cattle used in showmanship classes do not need to be owned by exhibitor but do need to be properly fitted and entered in the NAILE American Wagyu Association Show competing in at least one sanctioned class in the current year. Judging is solely on the exhibitor's ability to show the animal to the best of their ability. Additional ring stewards will be added for these classes for safety reasons. Animal disposition is important and unruly animals can be dismissed by the judges, at their discretion and the participant will forfeit the class.

Awards:

- The NAILE show awards ribbons to all winners in each class through tenth (10th) place and rosettes and banners to Grand Champions and Reserve Grand Champions.
